

Kathiravan K

Coimbatore, Tamil Nadu, India | +91 81482 60510 | kkathiravanmrk@gmail.com | linkedin.com/in/kathiravan-k

Objective

Motivated graduate with a strong foundation in web development technologies. Skilled in HTML, CSS, JavaScript, React, Python, and SQL. Quick learner with strong problem-solving and teamwork skills. Seeking an entry-level role to contribute, learn, and grow professionally.

Education

K S R College of Engineering

2021 – 2025

Bachelor of Engineering (B.E.) in Electronics and Communication Engineering

CGPA: 7.54 / 10

Exprience

Web Developer

Aug 2025 – Present

ShoutOut LLC

Mettupalayam, Coimbatore

- Develop and maintain responsive, user-friendly web applications using **HTML5**, **CSS3**, **JavaScript**, and modern web development technologies.
- Collaborate with team members to understand requirements, troubleshoot technical issues, and deliver reliable web solutions within project timelines.
- Implement and maintain reusable components and follow **SDLC**, version control, and software development best practices.

Android Development Virtual Intern

Apr 2024 – Jun 2024

EduSkills Foundation (Google Android Development Program)

Virtual

- Developed basic Android applications using **Java/Kotlin** and Android Studio.
- Implemented UI components, activities, and core application functionalities.
- Debugged code and strengthened problem-solving skills through hands-on development tasks.

Projects

Skin Cancer Classification System

2024 – 2025

- Designed and developed a deep learning application using a **NASNet-based Convolutional Neural Network (CNN)** for automated multi-class skin cancer classification.
- Achieved **98% classification accuracy** by implementing data preprocessing pipelines, image augmentation, and hyperparameter tuning.
- Demonstrated strong application design and analytical problem-solving skills, translating complex medical requirements into functional software.

List Way – Business Listing Website

2025

- Built a business listing platform using **Bootstrap 5** grid and utility classes, achieving a clean, responsive layout across screen sizes.
- Implemented a contact form, structured content sections, and optimised page layout for user experience and readability.

PCJ Placements – Job Listing Platform

2025

- Created a job listing web platform using **HTML5**, **CSS3**, and **JavaScript** with a dynamic, user-friendly interface to display job openings, categories, and contact options.
- Designed intuitive UI components and navigation to enhance usability and ensure information accessibility.

Technical Skills

- Frontend Development:** HTML5, CSS3, JavaScript (ES6+), Bootstrap, Responsive Web Design, React (Fundamentals), Multiplatform Front-End Development
- Programming Languages:** C, C++, Java, Python
- Databases & Analytics:** SQL, Microsoft Power BI
- Frameworks & Libraries:** Bootstrap 5, Keras, TensorFlow (CNN / Deep Learning)
- Tools & Platforms:** Google Colab, Android Studio, Git (Version Control), VS Code
- Core Competencies:** Application Design, Software Development Life Cycle (SDLC), Web Performance Optimisation, UI Design, Application Support, Cross-Functional Collaboration, Documentation, Problem-Solving, Teamwork

Courses Completed

- Google Android Development Virtual Internship – EduSkills Foundation — Apr–Jun 2024
- Microsoft Power BI – I-Bacus Tech, Coimbatore — Data Visualisation & Reporting
- Python Web Development – Shoutout India — Web Application Development using Python
- Electronic System for Cancer Diagnosis – NPTEL (Score: 60%) — IIT-backed online certification
- Digi-Tricks Solving on Automation – Embuzz Tech Pvt. Ltd., Coimbatore — Automation Fundamentals
